Re: Order Concerning Bitumen Unit - Supplementary Report

Further to the Company's Immediate Report dated January 27, 2020 (ref. no. 2020-01-008938) and note 20.C.4 to the Company's financial statements as of December 31, 2019 (ref. no. 220-01-022663), the Company reports that the results of sampling the emissions from the bitumen unit are in compliance with the emissions standards. The Ministry of Environmental Protection has accordingly informed the Company that as long as there are no deviations from the permitted emissions levels and subject to the provisions of the Order, the Company may continue to carry out manufacturing, storage and distribution of bitumen. In the light of this notice from the Ministry, in the Company's opinion the temporary permit granted the Company by the Haifa municipality will also continue to be applicable to the bitumen unit after April 16, 2020.
